Task Force Members	xii
Acknowledgements	xiv
Foreword by Mary Robinson, UN Secretary-General's Special Envoy for Climate Change	xvii
Glossary of Acronyms	xix
<hr/>	
Executive Summary and Recommendations	1
Recommendations	8
Action Matrix	25
Introduction	33
Chapter 1. Understanding Climate Change and Climate Change Justice	37
1.1 The science of climate change	38
1.2 The impact of climate change on natural resources	40
1.3 The impact on individuals, communities and states	41
1.3.1 <i>Individuals</i>	42
1.3.2 <i>Communities and cultures</i>	43
1.3.3 <i>States</i>	43
1.4 The UN Framework Convention on Climate Change	44
1.5 The importance of climate change justice	45
1.6 Justice implications of mitigation and adaptation measures	48
1.6.1 <i>Justice implications of mitigation</i>	48
1.6.2 <i>Justice implications of adaptation</i>	51
1.7 Moving from understanding to action	52

Chapter 2. Current Legal Challenges in Climate Change Justice	61
2.1 Environmental law regimes	62
2.1.1 <i>International environmental law framework</i>	62
2.1.2 <i>Constraints of international environmental treaties</i>	63
2.1.3 <i>Constraints of customary international law</i>	65
2.2 Human rights law regimes	66
2.2.1 <i>Framework of human rights treaties and customary international law</i>	66
2.2.2 <i>Constraints of human rights law</i>	67
2.3 Trade law regimes	69
2.3.1 <i>Framework of international trade law</i>	69
(i) WTO non-discrimination disciplines under GATT and the TBT	71
(ii) Process and production methods (PPMs) under WTO Law	72
(iii) General exceptions to WTO obligations	73
(iv) Constraints of Subsidies and Countervailing Measures Agreement	74
(v) Summary: constraints of WTO Law	75
2.3.2 <i>Framework of regional trade and bilateral investment law</i>	75
2.4 State responsibility and climate change liability	76
2.4.1 <i>Domestic climate change litigation</i>	76
(i) United States	77
Federal regulatory litigation	77
Public trust litigation	78
Public nuisance litigation	78
(ii) Canada	78
(iii) South America	79
(iv) Australia	80
(v) Asia	81
(vi) Europe	82
(vii) Africa and the Middle East	83

2.4.2	<i>State responsibility in international law</i>	84
2.4.3	<i>Constraints of the International Court of Justice</i>	84
2.4.4	<i>Constraints of an International Court for the Environment</i>	85
2.5	International law on climate change adaptation	87
2.5.1	<i>Framework of international law relating to climate change adaption</i>	87
2.5.2	<i>Constraints for climate-change related migration</i>	88
2.5.3	<i>Constraints for food security</i>	92
2.5.4	<i>Constraints on technology transfer and access to information</i>	94
Chapter 3.	Enhancing Legal Regimes to Achieve Climate Change Justice	115
3.1	Legal measures	116
3.1.1	<i>Climate change justice measures for individuals and communities</i>	117
(i)	What rights are available for individuals and communities?	117
(ii)	Clarification of human rights obligations relating to climate change	118
'Greening'	existing human rights obligations	119
Developing	a minimum core of rights and duties	120
Recognising	a freestanding right to a safe, clean, healthy and sustainable environment	124
Adopting	optional protocols to incorporate a free-standing right into human rights treaties	125
Adopting	optional protocols to enhance access to justice	125
Strengthening	regional human rights bodies	126
(iii)	Model Statute on Legal Remedies for Climate Change	127
Enhancing	litigation rights and remedies	127
Substantive	and procedural issues	128
Actionable	rights	128
Standing		129

Causation	130
Knowledge	132
Relief	133
Liability	134
Interrelationship of claims	135
Limitation periods	135
Disclosure and discovery	135
Costs awards	136
Jurisdictional reach	136
<i>3.1.2 Climate change justice measures for states: international dispute resolution</i>	<i>137</i>
(i) What rights are available for states?	137
(ii) Applicable fora to determine international claims against states	138
(iii) The Permanent Court of Arbitration	139
PCA reach and expertise in environmental litigation	140
Drawing on the PCA in existing treaty frameworks	142
Adoption of the PCA model arbitration clauses	144
(iv) Other international arbitral fora	144
(v) Transparency and precedent in international arbitration	145
(vi) International Tribunal for the Environment	145
<i>3.1.3 Climate change justice and corporate responsibility</i>	<i>147</i>
(i) Implementation of UN Framework on Corporate Responsibility to Respect Human Rights in the context of climate change	148
(ii) Reporting by corporations	149
Incorporation of ISO technical specification	149
Promoting access to information through mandatory requirements	149
Institutional monitoring of corporate actors	151
(iii) Regulation of corporations, at home and abroad	152
(iv) Sector-specific initiatives: finance and banking	153

3.2 Capacity building and transparency	155
3.2.1 <i>Knowledge and skills transfer</i>	155
(i) IBA and IBAHRI climate change initiatives and network of climate change counsel	155
(ii) Increase technical assistance in UPR Reports	156
(iii) Use UPR Reports to highlight climate change justice issues	157
3.2.2 <i>Transparency</i>	158
(i) The Aarhus Convention	159
(ii) Encouraging the adoption of international and regional instruments guaranteeing environmental procedural rights	160
(iii) Enforcing the duty to promote the principles of transparency in international negotiation	161
(iv) Environmental impact assessments	161
(v) Transparency in international arbitrations	162
3.3 Institutional measures	163
3.3.1 <i>WTO reforms</i>	163
(i) Enhancing the WTO's Committee on Trade and Environment	163
(ii) Greening the WTO disciplines: reconciling existing provisions with climate change measures	164
Appellate Body jurisprudence	165
Clarification of the scope of Article XX exceptions	166
(iii) Amending the WTO agreements	166
Clarify the definition of a subsidy and facilitate the procedure for challenging subsidies	167
Establish a category of 'non-actionable' subsidies	167
Adopt an agreement on climate change, the environment or sustainable energy	167
3.3.2 <i>Bilateral and regional trade agreements</i>	168
(i) Clauses supporting environmental and non-derogation measures	169
(ii) Environmental chapters and side agreements	170
(iii) Supporting existing obligations under multilateral environmental agreements	171

3.3.3 UNFCCC negotiations	171
(i) Endorsing the UNFCCC process and a 2015 agreement	171
(ii) Tracking states' climate change prevention and mitigation commitments	172
(iii) Expanding aid for domestic migration adaptation programmes	173
(iv) Improving the UNFCCC process: REDD+ and the CDM	173
(v) Regulation of global fossil fuel reserves and the cumulative carbon budget	175
3.3.4 Multilateral adaptation measures	176
(i) Increased regulation of emerging carbon engineering technologies	176
(ii) Engaging UN expertise on challenges posed by rising sea levels	179
(iii) IBA Working Group on the Legal Aspects of Climate Change Adaptation	180
Climate change-related migration	180
Food security	183
Technology transfer	185
Index	209
